

# 360 VIDEO BOOTH

## DURATION

60 – 240 minutes

## REQUIREMENTS

Power supply & minimum  
12ft x 12ft space

## GUEST NUMBERS

Unlimited

**The 360 degree video booth offers the latest in traditional photo booth technology, enabling you to capture a slow motion video of guests from any angle and instantly upload to your phone or social feeds.**

Guests stand on the 1m x 1m platform, as the Go Pro attached to the slow-motion arm circles around to take a high definition, low angle, slow motion video – which is then swiftly processed & uploaded for you to save & share until your heart is content!

This new and unique take on the traditional photo booth is the perfect addition to your event, that is sure to add to the party atmosphere as well as providing lasting video content for you to enjoy!

**“We just wanted to say what a fab time was had by all at our event last week. The 360 video booth was a huge success and everyone has greatly enjoyed sharing their amazing videos! Construction Industry client**
