

FESTIVE CHOCOLATE CHALLENGE

DURATION

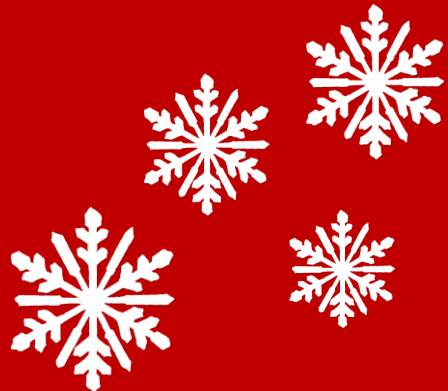

120-180 minutes
(according to guest numbers)

GUEST NOS.

10-100 guests

REQUIREMENTS

Minimum of 2sqm per person

We will have your teams literally up to their elbows in this hands-on all singing Christmas chocolate challenge complete with santa hats!

Each team will not only have to make and brand a box with a festive theme from the raw materials but also complete a manufacturing order of over 100 chocolates per team (based on a team of 8) so there is plenty to take home for Christmas. (making it home is a different matter).

The Chocolate Challenge, teams decide on daring and diverse festive flavours with a branded box to put forward for judging later on in the activity. The project manager allocates specific tasks to each delegate such as manufacturing, branding, box design and marketing, guests are given the freedom to choose measure and weigh their own ingredients.

Each team will be expected to pipe shape, temper, and dip and package a whopping 100 chocolates to complete the challenge laid down by our judges.

Teams present their chocolates and festive box design ready to go into the board room. Spokespersons give presentations to persuade the judge why their teams are quite simply the best.
