120 – 180 minutes
(according to guest numbers)

REQUIREMENTS

A private space for event
brief and debrief

GUEST NOS.

10 - 175 guests

EVENT
VIDEO

Not just a Treasure Hunt but an integrated event using latest technology, tablets and GPS tracking to create an event which is engaging, has something for everybody and draws upon the individual quests' inquisitiveness, creativity and skills.

Set against the backdrop of the historical sights of London, this challenge gets you closer to some of London's most iconic areas, but there is no time for sightseeing as you are against the clock....and your competitors!

Meeting at a suitable venue of your choice (with parking!) teams will be allocated their own private black cab & driver and with their help have to reach a number of key locations such as – Westminster & Whitehall, the Square Mile of the City, St Pauls, Soho, Southbank, Kensington Gardens & Hyde Park. At each location there will be a series of hot spots, each with its own challenge and point value.

Time is of the essence as you must gain as many points as possible before returning to your venue for the finale!

"We had a fabulous time on the event and loved seeing our colleagues in that light"

GPS BLACK CAB CHALLENGE

DETAILS

Your teams will be met by our Event Manager, who will brief the teams, explain the equipment and introduce their very own cab drivers. These 'chauffeurs' will use their local expertise to get their team to their chosen locations as quickly as possible!

For larger team numbers your Event Manager kicks off the event with a special Code Breaker challenge which enables the teams to start off at staggered times. Then teams must plan their destination route order and arrange the drop off, pick up and timings along the way.

Armed with GPS tablets, all members of the team will be involved in navigating to each pre set GPS hotspot where challenges with varying point awards await! At each location, teams hotfoot it to get into proximity to the marked GPS hotspots flashing up on the tablet in order to reveal the corresponding question and/or challenge for a chance to earn points!

Only when your GPS verifies that you are in exactly the right location will your team be able to activate the hotspot and attempt the challenge!

Challenges take the form of:

- **Location questions**
- **Physical tasks**
- **Bonus challenges**

Teams can check in with the event manager at any time to see how they and their competitors are faring in real time – which should spur them on to complete as many challenges as possible and arrive back at the venue before their time runs out!

Once back, our Event Manager will compile all the scores before revealing the final results. Medals are awarded to the triumphant team in a prize giving finale!

ADD THAT SOMETHING EXTRA...

Bespoke GPS questions - £275 plus VAT

Personalise your Quest to include product, industry or company related questions/ challenges of your own – including cheeky questions about company 'celebrities'!

Or perhaps you prefer to add a twist of mystery to your event with a theme which will continue through the clues, questions and challenges. Whether it is Espionage, Sporting or a specific theme of your own – this challenge is ultra flexible and we'd be delighted to oblige!
