If you love singing in the shower or miming with a hairbrush in the mirror then this fun, energetic musical event is perfect for you!

Prior to the event you will choose your song from 5 well known classics such as 'Bohemian Rhapsody' and 'Is This the Way to Amarillo?' and on the day, our team arranges your group into colour coded sections to learn their specific lines. Lyrics and the original tracks are provided on laptop for each section to enable them to practice and hone their group performances! Then it's to the onsite 'studio'...

In our filming studio each section mimes (or sings!) their specific lines in front of the green screen, which is filmed and then a themed digital background edited in to match the song lyrics. Giant props are included if required for your chosen song to make the final video all the more compelling. Then, at the conclusion of the filming, our onsite team edits together the film, digital backgrounds and original track to produce the final result ready to preview!

Using our big screen, your marvellous Lip Sync song is shown to the entire audience and can be taken away on DVD as a lasting memento. (Editing takes 60 minutes to complete and to show the film in the evening a small surcharge applies)

Absolutely no singing ability is required as the studio films without sound – your amazing ability to act whilst miming the words without laughing (too much) is all that's required! This high energy, unique challenge can be used to kick-start a conference, energize your delegates or provide a grand finale to the day.
