Not just Around the World in 90 days – this is a 90-minute vino trip to remember! Whether you're a wine connoisseur or a relative novice, this dip into the fascinating world of wine will leave your taste buds wanting more!

Hosted by our own resident Wine and Spirit specialist this engaging pre-dinner event allows guests to sample and enjoy popular wines from around the world. Eyeballing, swirling, sniffing and swishing will all become second nature as you attempt to identify the bouquet, the after-taste and even the colour of the fabulous selection on offer including special festive mulled treats.

Using almost a quarter of a century of full-time experience within the Wine Trade, your professional compère hosts this competitive quiz format and kicks off the evening by providing a brief insight into the joys of wine and traditional wine tasting techniques.

Enthused, your guests will then blind sample six wines from both the old and new world. Using their new-found knowledge, they work in teams of up to 5 to establish the country of origin, the grape and the suggested price of each wine. Winners win ... wine!

“The mulled wine tasting was a big hit. James was very informative and pitched it perfectly for us” Deloitte
