THE GAMES

Some of the tricky challenges facing the teams include:

Play Your Cards Right

Simply guess if the next card on the screen will be higher or lower in value than the previous. 'There's nothing for a pair...not in this game!'

Catchphrase

Can you correctly identify a popular phrase or saying from a picture clue? Mr Chips is there on screen to help, so all you have to do is 'say what you see'

Name that Tune

With just a few musical notes to tease them, players attempt to 'name that tune'. A game for contestants of all ages.

Family Fortunes

Team members join forces to become a 'family'. 'Our survey says' ... this game will have them rolling in the aisles!

Who Wants to be a Millionaire?

Following the format of the popular big money quiz, the harder the question, the bigger the score. Remember 'They're only easy if you know the answer!'

The Price is Right

Can you add up the value of a washing machine, a fondue set and a fridge freezer? You can be as far under as you like, but not a penny over!

Countdown

There's no Miss Vorderman, but there's plenty of spelling to be done and conundrums to solve ... all against the classic countdown timer.

A Question of Sport

No need to choose a home or away question, but you may need to squint your eyes to identify the mystery sports stars as they appear on screen.

Wheel of Fortune

Will you be the first to establish the person, landmark or movie with just a few letters as clues? Simply buzz in when you have the solution, but beware, a wrong answer will lose you points.

Telly Addicts

Simply identify the show from its theme. They may be classics, or current favourites, played backwards or speeded up, but whatever they are, they'll have your guests on the edge of their seats saying 'I know this one!'
