EVENT
VIDEO

Are you hot on the heels of Usain Bolt or would you be out of your depth against Becky Adlington? Either way everybody can be a superstar and participate in The Games.

With guests allocated into teams to represent an adopted country, the event commences with everyone participating in a lively aerobic warm up session, delivered by our Head Coach and his team!

Once bodies are warmed and muscles gently stretched competitors from each country will compete in a selection of official events designed to test skill, stamina and team spirit, including shooting, archery and the infamous track & field!

Scores are counted under the watchful eye of our Master of Ceremonies and amid the cheers and jeers from their fellow contestants your Gold, Silver and Bronze winners make their way to the podium for the victory presentations!

"Great work!! Loved the event, we were able to have fun and at the same time get to know our colleagues better. The event ran to time and everyone enjoyed themselves – thanks for a super event!" Gartner
