

VIRTUAL CANAPE CREATIONS

DURATION

60-120 minutes

GUEST NOS.

3-50 guests

REQUIREMENTS

1 device per guest with
stable internet connection

OUR EQUIPMENT

Hygiene safe
GDPR secure

This virtual cookery experience class is packed full of tips and tricks to help you create tasty, simple and effective canapés, we can run this with a competitive element or as masterclass experience.

Canapés can often take time and organisation which is often something we don't have particularly when entertaining. Our professional chef will dispel the myths of over complicated canapés, they will discuss with you how to plan and manage your time in the kitchen and show you how to make impressive canapés that are quick and simple to master.

We begin with an introduction from the chef followed by menu planning and time management, the corner stone of effective canapé making. A demonstration and a practical session follows with all guests making luxury canapés.

To conclude our chef will show the guests how to present the canapés using mirrors, granites and slates, then demonstrate a variety of simple garnishes that will give the real wow factor. Guests can then enjoy the canapés as a light meal option in the comfort of their own homes. If a competitive edge is desired, we can include a team challenge with teams going head to head and master chef medals will be awarded to the winning team.

This is a great activity if you want to give your team a unique virtual cooking experience whilst learning new skills.

We will deliver canape making kits to the guest homes, please note in addition they will be required to provide some basic kitchen equipment from home.
