

VIRTUAL COCKTAIL MAKING

DURATION

60 minutes

GUEST NOS.

Up to 100 guests

REQUIREMENTS

1 device per guest with
stable internet connection

OUR EQUIPMENT

Hygiene safe
GDPR secure

We have designed an online cocktail masterclass to combat the stresses and strains of isolation. Your team will have a fantastic experience racing each other by shaking, muddling, layering and creating their own perfect cocktail!

With most people being in lockdown it is becoming increasingly difficult to keep your teams in contact, motivated and entertained. We will send out everything needed for each delegate to create their own cocktails whilst being instructed by one of our bartenders online, in real time.

Each programme lasts around an hour and every delegate will be provided with a recipe sheet to keep them making cocktails for years to come! In between making drinks we will run a cocktail trivia quiz, if required we can send out a prize for the highest score. We can send ingredients only (for either 2 or 3 cocktails) whereby delegates can make drinks using everyday kitchen items with cocktail kits are also available to purchase.

***Packages Available:**

Stock for 2 cocktails (Gin Smash, Cosmopolitan)

Stock for 3 cocktails (Gin Smash, Cosmopolitan, Baby Guinness)

Cocktail Kits (Shaking tin & shaking glass, muddler, bar spoon, strainer, measurer)

**If delegates are happy to provide their own stock and equipment (we can provide a shopping list) we can also run a programme only.*
