

VIRTUAL WINE TASTING

DURATION

60 minutes

GUEST NOS.

Up to 100 guests

REQUIREMENTS

1 device per guest with
stable internet connection

OUR EQUIPMENT

Hygiene safe
Recyclable
GDPR secure

Whether you're a wine connoisseur or a relative novice, this dip into the fascinating world of wine will leave your taste buds wanting more! Hosted by our own resident Wine and Spirit specialist this engaging pre-dinner event allows guests to sample and enjoy popular wines from around the world. Eyeballing, swirling, sniffing and swishing will all become second nature as you attempt to identify the bouquet, the after taste and even the colour of the fabulous selection on offer!

You will experience the "tasting" of each of the wines and learn about their background from grape to bottle. After discovering their flavour profiles, we will also show you what pairs well with each wine.

Your wine journey will include:

- A history of wine
- Countries and grapes
- How to taste wine
- Quiz questions between samples

We will send participants 5 wines, each bottle will be 187ml (1 ¼ regular bottles in total). There is enough wine for 2 people to take part per package!

"The wine tasting was a big hit. The sommelier was very informative and pitched it perfectly for us" Deloitte
