Raise energy levels with this ancient and sacred dance! Our Haka masterclasses go beyond entertainment. They serve as a meaningful and engaging way to promote unity, diversity, and inclusion while fostering teamwork and camaraderie.

Haka is a traditional Māori dance form that embodies the spirit of unity and strength. It has become internationally renowned through the performances of the All Blacks, New Zealand's national rugby team.

It can be a profound team-building exercise, emphasizing the power of collaboration and solidarity.

Our experienced Haka Master will take your guests on a whirlwind energiser where they will learn and perform the Haka as a unified team. They will learn the movements, chants, and the spirit that underpins this revered dance and embrace the culture further with traditional ta moko face painting, symbolizing personal and cultural identity.

This is an engaging event which focuses on triumphing over adversity, it is about facing all of your challenges head on and with a positive mental attitude and it is about being stronger together!!
