This challenge will involve all your team in an interactive and exciting themed team building event with the winning team being awarded the honour of reigning supreme!

Rotating around each activity zone in turn, teams must use their skills wisely and pull to their strengths in their bid for power. A series of themed challenges and games will be set for each 'House' with teams gaining valuable time in line with the degree of their success. The event concludes with our Wildfire finale as each house pulls together to beat their opponents. All activity takes place under the watchful eye of The King. Does your team have what it takes?

With intriguing titles ranging from Poisoned Chalice to Dragon Slayer each of the unique themed challenges have a Mental, Physical or Skill slant, meaning that this event has something challenging for everyone. Success in each of the tasks facing your teams will result in the Wildfire finale – where each member of the leading teams shall face their rivals in the final challenge and ultimately **take the Throne!**

GAME YOUR THRONES

DETAILS

Split into teams of no more than eight guests, the teams shall compete head-to-head across a selection of six themed challenges to earn 'wildfire' bombs for the exhilarating finale.

Poisoned Chalice

Teams go head-to-head to stack the tallest tower.... but this is not as easy as it sounds!! The chalice is poisoned and therefore cannot be handled with hands!

Mother of Dragons

Can you not only steal dragon eggs, but also transport them safely to a new nest? Dexterity and a steady hand are required in this fiendish challenge.

Castle Black

The castle has come under attack and the walls are crumbling in around you! It's a race against time to rebuild the castle and to keep the invaders out.

Dragon Slayer

Have you got what it takes to slay the fearsome dragons! A game of fast reflexes as teams try to 'slay' the dragon as it emerges from the castle at full speed!

Under Siege

Take your aim & fire!!! Using our foot stamp catapult teams will go head-to-head to race around the board and to be the first house to finish. Aim for the highest points on the target board to race ahead, but beware! land in the wrong place and you could be pushed back allowing your opposition to take the lead.

Free House

Hidden in the depths of an old oak barrel are pieces of different characters. Teams will need to use the hand holes to find the correct head, body & legs and pass them through the barrel and out onto the picture frame.

Finale

Having earned 'wildfire' bombs on each challenge, your aim is to attack the castle and to defeat the opposition!! Precision is needed, as hitting the castle weak spots will earn more points in your attempt to reign supreme and **take the Throne!!**
