

KRYPTON FACTOR INDOORS

DURATION

90 – 180 minutes
(according to guest
numbers)

REQUIREMENTS

Dependent on
guest numbers

GUEST NOS.

10 - 200 guests

SEE THE EVENT IN
ACTION!

Now it's your chance to tackle the Krypton Factor Challenge. Guests will be split into teams and using communication, imagination, fitness and guile they will need to score highly in each round in a bid to gain the highest Krypton Factor Score and achieve greatness as 'Champions'.

Teams will compete head to head in a variety of rounds, each designed to challenge a specific key skill including mental agility, observation, physical ability and general knowledge. The challenges set are demanding, achievable, interesting and fun and will require both thought and action. Whilst on some exercises a little physical effort may be required they will not be physically demanding.

Skill, communication and teamwork are key as you strive to be top of the leader board. Scoring is devised to enable the competitive to compete whilst those who simply wish to enjoy the day can do so.

However, only the team with the highest combined score in all the rounds will be awarded their winner's medals and become the Krypton Factor Super Team!

"Everyone thoroughly enjoyed it and it met our objectives of teamwork and communication." Spectrum Brands

KRYPTON FACTOR INDOORS

DETAILS

General Knowledge

Each team attempts to answer questions on a variety of topics with points scored for each correct answer and points deducted for wrong ones. The teams can pick a specialist subject from the on-screen menu, for a chance to earn double points, but beware because incorrect answers mean double deductions!

Response

Using remote keypads, contestants must be poised ready to respond as quickly as possible. A series of tricky visual puzzles appear on the screen and with only a few seconds to react the team must deduce the answer and send their responses to the central computer...before their opponent!

Observation

Concentration and memory are all that you require for the observation round. A short film clip is played to the guests as they attempt to retain as much information as possible, without the aid of pen or paper and strictly no talking! A series of questions will follow, requiring your guests to delve into their minds and retrieve the correct verbal or visual information.

Mental Agility

Designed to challenge an array of different human thought patterns, this round will stretch your brains to their limit! The ability to think quickly and laterally will help but there is something for everyone in this round. Remember it's always easy if you know the answer!

Intelligence

Short, sharp and fun, these activities utilise colourful, tactile Komponenten are designed specifically for use on tabletops. 'Hands on' and involving all team members the intelligence round is a real test of problem solving as teams pit their wits against a variety of three-dimensional puzzles that will challenge their spatial awareness, logic, and lateral thinking...all against the clock!

Physical Ability

Batak is the reaction speed game of the moment played as an individual or team relay competition. The object of the game is simple – 'hit' as many lights as you can in a given time period – usually 60 seconds. As soon as you 'hit' one light – the next one lights up on the square frame. Amazingly addictive and brilliant fun to watch – can you total more points than the other teams?

Prizes

We will provide a Winner's Medal for each member of the Winning Team.
